GROW STRONGER! GROW TOGETHER!

"I had an exceptional love for animals ever since I was a kid."
Says Angela

Since she was a small child, Angela Twinkle Mondol has had a special affinity for animals and couldn't bear to watch them suffering.

She has been giving the stray animals food and medical attention. These stray animals live with her and are incredibly attached to her.

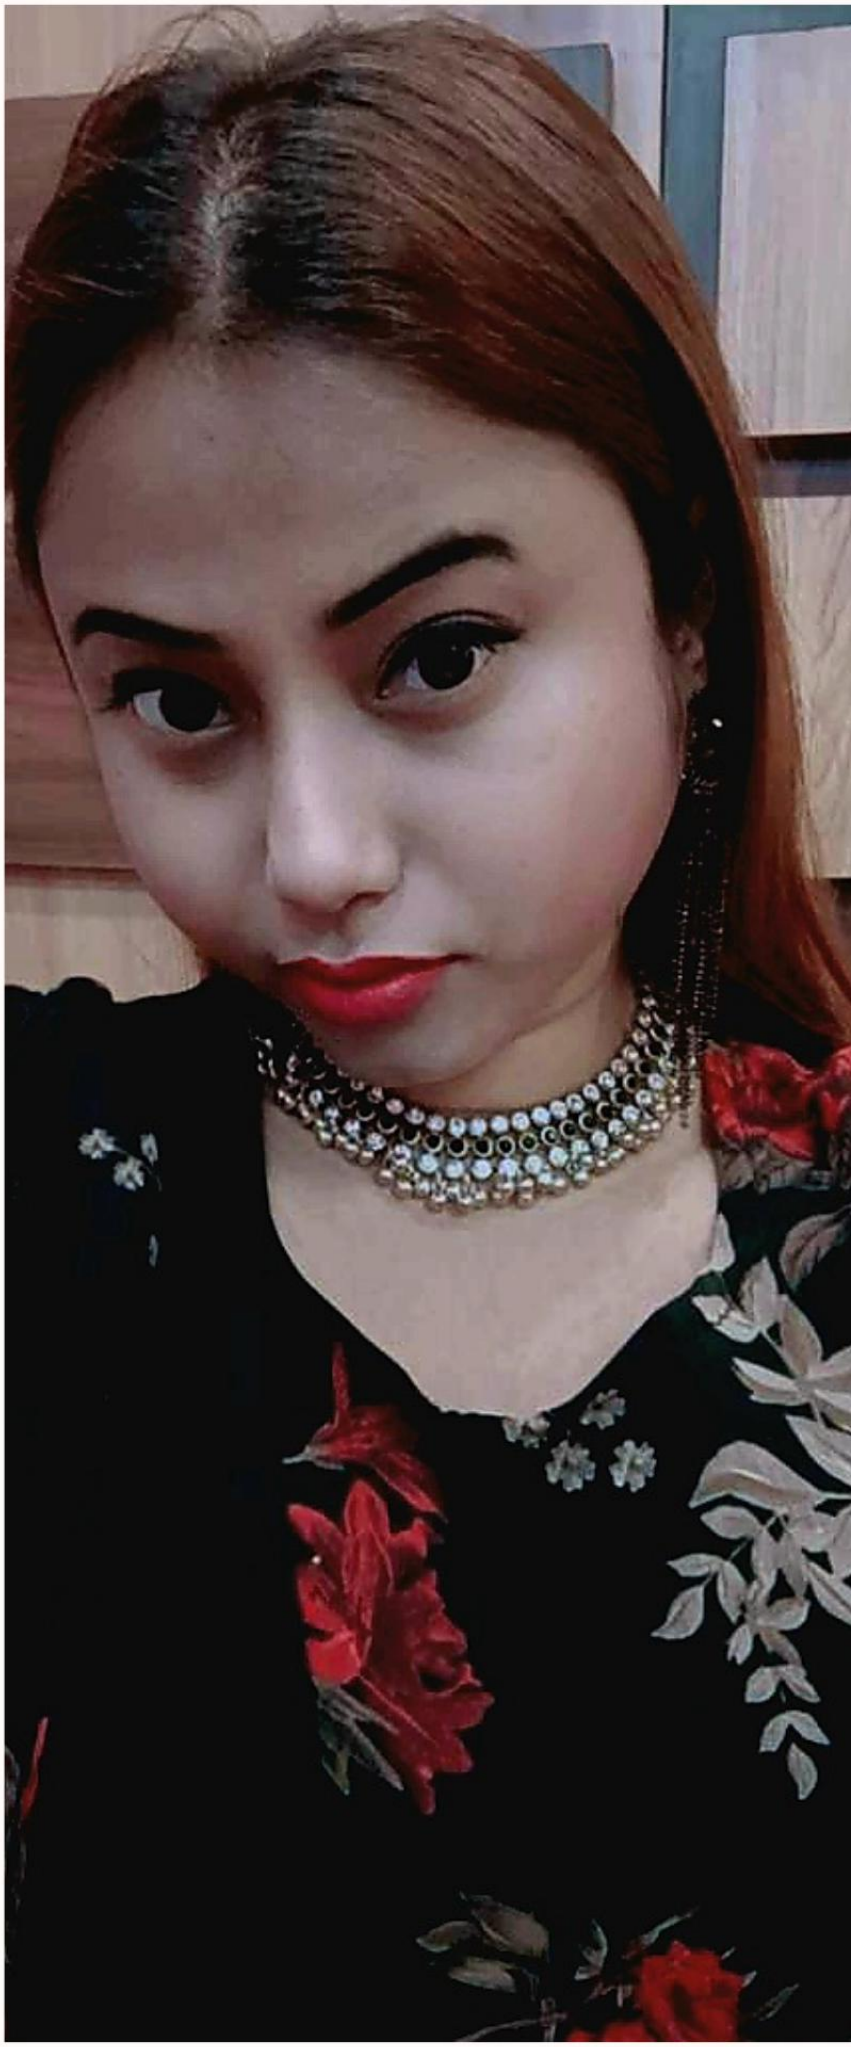

Angela frequently receives calls about these stray animals from various locations, and she quickly takes them in.

She firmly believes that every dog and cat have their own story and pain. Angela has been taking care of them like her own kids.
Just like us humans, dogs, cats and other animals are also God's creations, so no one should despise them. Just like any other living creature, these animals also have the right to exist. And we humans should care for them. If we all exercise a little caution and responsibility to provide them with food and shelter, at the very least in our neighbourhood, they will always remain loyal to us and prove to be our most dependable friends. Let's start loving them.

Angela soon wishes to start her own NGO for these stray animals to give them a new life and utmost care.

Face of the Year

2022

Nabila Ali

Some of today's successful brands started with humble beginnings, and no one embodies this better than Nabila Sarfaraz founder of Zayaan's World.

She started her business with 0 capital. Due to financial crisis, her family was going through an extremely difficult time. She spoke with a lot of people to seek suggestions on how to launch a small business from home in the event of the pandemic. Fortunately, she came across a man who was selling off his stock as he was going out of business. They came to an agreement that he would give her a good number of dresses for free, she would keep her margin and give him his share of whatever she could sell, and he would take back whatever she could not sell. The first sale was such a hit and he agreed to do the experiment multiple times.

It worked well for both them and the rest is history! With the assistance and backing of her husband, she has established herself in Delhi NCR and is proudly selling with a turn over of Rs.1320000 annually to nearly all of the cities in India as well as to more than 6 customers in other countries.

She wants to expand her company internationally and hire more staff. We send her our warmest wishes for a successful future.

Shaquiba named her brand after her daughter's name, Mahira.

Story of Shaquiba & her daughter Mahira

Content by: Digix Marketing

When Shaquiba Faiz realised that her interests lay in fashion, she did her fashion designing from INIFD, she chased her passion and went on to build a 2 to 3 lakhs turnover women's wear brand, is an inspiring entrepreneur success story.

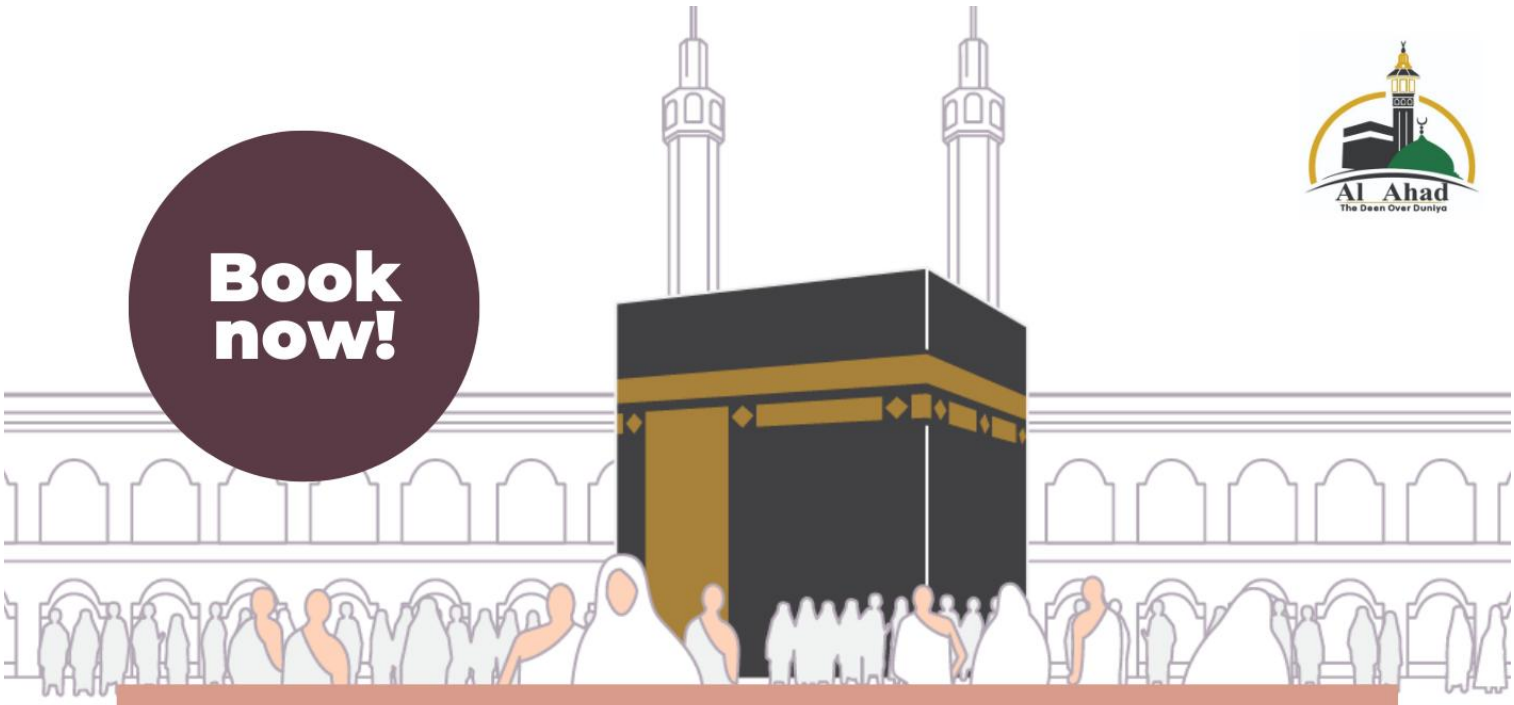

She attributes all of her success to her husband, Faiz Ahmed, who encouraged and supported her in starting her own business, as well as to her father, Kausar Siddiqui, who has been there for her ever since she launched Mahira's.

Particularly her spouse, he has always been there for her through all of her highs and lows. He is the first to step up and assist her whenever there is a difficulty with her business or anything else.

The hardest aspect of her journey has been the lack of time because she has to care for her two children while her husband is at work. Despite being a businesswoman, she wants to spend as much time as possible with her children, especially her daughter Mahira, who is growing so quickly. Even the name of her company is drawn from Mahira, her daughter.

She plans to create a three-story shopping centre featuring a cafe, a store for children, and several types of clothes for women. Although she is now in Kolkata, she wants to open a sizable store in Vishakhapatnam because her spouse belongs from there.
This year, she organised her first show, and it was a great success.

NAFISA BEGUM

Content by: Digix Marketing

Nafisa Begum's success as an entrepreneur is among the most motivating. Owner of two successful businesses – Sidrah Collection & Beautify.

This multi-talented woman was able to build her two businesses beautifully with the support of her maternal family, despite the challenges she had juggling her retail job, her businesses, and being a freelance Mehendi Artist & Makeup Artist too.

By getting input from her friends and family on what they valued in their clothing and appearance, what key areas needed improvement, and how they perceived her wardrobe and makeup application, Nafisa was determined to stand out in the crowd with the use of this input, she was able to offer a large selection of clothing which included Pakistani wear, Indian wear, Sarees, Bedsheets, and Ready-made sets as well as the high-quality branded makeup service including bridal makeup, party makeup & all kinds of makeup done and lastly mehandi requirements that were so treasured by her clients.

She hopes to expand her business throughout India and open a store for her clothing collection and makeover parlour to provide both make-up and mehendi services.

We wish her well in realising & achieving this goal & success in the future.

Naheed Faiz, who bravely and tenaciously weathered the life's storms, is now the proud proprietor of 'Naheed Creation', a ladies apparel startup with a turnover of 2 lacs yearly.

Since she was a youngster, Naheed has had a strong interest in fashion and has studied materials and designing. This enthusiasm from her youth served as the spark for Naheed Collection.

Naheed Faiz

Fashion Designer

She is also a crown holder for Queens Entertainment Ms. & Mrs. Top Model India 2021 Special Appearance, Crown Winner of Elite Bengal 2021 of Mrs. Category & Nexus Universe Fashion Week 2021 Special Appreciation of Mr. & Mrs. Super Model, Runner-up in City Joy 2021 & Winner in Elite Carnival Fashion 2022. Now she is a successful Fashion Designer and Creative Artist in Artline.

Naheed experienced several struggles in her life, starting with the pandemic, which caused her to suspend her business. She faced two more challenges in her life—being betrayed by a member of her own family and having health problems—but because she is a

very strong woman, she overcame them all with the support of her husband and in-laws, who served as her main sources of encouragement, kept her motivated, and helped her at every turn.

AAdditionally, she is establishing Lucky Academy Art Centre, a fashion academy where she will provide classes in Fashion Design and Artwork to people who are interested in learning. She is also the founder of a non-profit organisation named The Naheed Foundation. She intends to construct several stores in different areas of Kolkata.

Super Womanpreneurs send their best wishes to Naheed Faiz in the hopes that she would achieve all of her goals and expand her business.

ZAHIDA KHATOON

ZAFNA COLLECTION

Written by
Digix Marketing

"For an entrepreneur work is not seen as 'work', it is passion, you like it you want to do it."

Since she was a young girl, Zahida had been very eager to start her own business. In her entrepreneurial path, Zahida has faced her share of challenges, with the pandemic being the largest obstacle. However, she had a strong sense of self-worth and the support of her family, notably her husband, who took on the role of her torchbearer and held her hand throughout. With Zafna Collection, she set out on her first entrepreneurial endeavour.

Despite having no prior training or experience in the world of business, she maintained her confidence in God & in herself. By God's grace, she is now selling with a turnover of Rs 80,000 to Rs 90,000 and is happy with her work right now and looks forward to doing new things in the years to come. Zahida is happy to see her kids' happy faces. She is inspired only by the prospect of her children being successful and happy. When customers complete their orders just to cancel them at the last minute, Zahida is most disappointed.

She nevertheless takes great pleasure in her work.

Zahida longs to start her own store in order to enjoy engaging with clients and showcasing her exquisite collection. She hopes to expand her company to additional Indian cities. Her greatest fulfilment comes from seeing customers using her goods to create priceless memories. In order to fulfil her aspirations, she makes a commitment to work harder in the future.
